

Edmodo Student Accounts

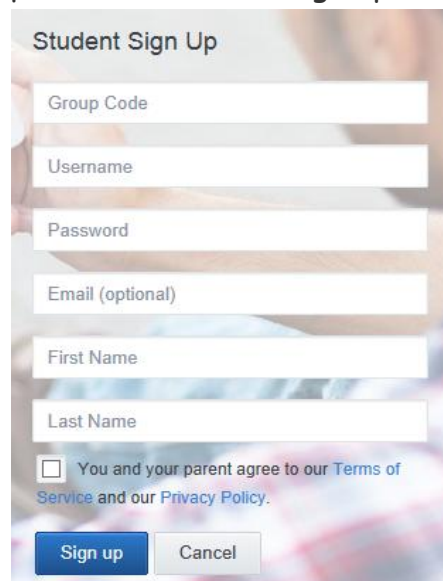

In order for students who are brand new to Edmodo to join your Groups and get started, they'll need to create an Edmodo Account by following these simple steps:

1. Go to www.edmodo.com.

2. Click on **I'm a Student**

3. Fill out the registration form with the Group code that you obtained during your registration, and a unique username and password. An email address is not required for student sign up.

A screenshot of the "Student Sign Up" form. The form is titled "Student Sign Up" and contains several input fields: "Group Code", "Username", "Password", "Email (optional)", "First Name", and "Last Name". Below these fields is a checkbox with the text "You and your parent agree to our Terms of Service and our Privacy Policy." At the bottom of the form are two buttons: "Sign up" and "Cancel".

4. Click  to complete the sign up process. The student will then see the Group you created on the left hand side of his/her homepage.

Note: If a student already has an Edmodo Account, the student does not need to create a new Account to join your Group. Once a student has created an Account, the student can join multiple Groups with the single account.
